WEATHER REPORT.

For the South Atlantic States, northeast to southeast winds, rising, followed by falling barometer, warmer, partly cloudy weather and possibly rain on the coast.

—The town has put on the minstrel grin.

—The school girls began coming in, yesterday.

—Let us hope that he is healthy. Lucie Robinson, of New York. He has been ill.

—The County Executive Committee of the Democratic party will meet in this city next Saturday week.

—The Executive Committee of the State Agricultural Society will meet to-night at the Yarrowborough House.

—The members of the Penitentiary Sunday School have been supplied with the Moody and Sankey hymn books.

—A meeting of the Trustees of the Rex Hospital Fund, will be held this afternoon at 4 o'clock, at the law office of Messrs. Battle, Battle & Mordecai.

—Hawk Rogers, who was well known in the city, died yesterday afternoon at 3 o'clock, of a stroke of paralysis which he sustained a week or more since.

—The "Wheeler and Wilson" Club held its weekly meeting last night. The darkies were out in the usual force, and the requisite amount of cheering was done.

—Two white men and a negro were arrested on Salisbury street, between Martin and Davis, yesterday afternoon, for being drunk and disorderly, and will have a trial this morning.

—The convention was all the go, yesterday. The streets were filled with delegates, before the assembling and after the adjournment, and political warmth was high up in the pictures.

—The circus had an immense crowd at Walden, yesterday, so passengers from that place report. Let a circus come along, and it shows in a minute that the cry of hard times is a cunningly devised fable.

—The almanacs have the beginning of the autumn, and the 22d inst. The recent storms, however, indicate that it has already begun, and demonstrate that storms and equinoxes wait for no almanac.

—The hail storm of Monday evening was very destructive to crops about four miles north of the city, and the wind was so heavy as to uproot and demolish trees. We learn that in portions of Johnston county also, the damage was considerable.

—Old man Wynne talked glibly, the other day, of his snow white beard, and evidently depends considerably upon this to take him to the Senate; but if he doesn't watch his corks very closely, both it and he will be snowed quite under next November. The young man who is "labeled" to do this was put up, yesterday.

Person. Gen. Cox returned, last evening, from Franklin Court. He says he has the best of assurances that a Democratic vote will be cast for every white man in Franklin.

Messrs. Reid Upchurch, B. H. Woodell, C. C. Hammett and J. Higgs, have returned from the Centennial.

Mr. Jas. S. Lane, of Pamlico county, was in our office last evening. He says that Maj. Yeates has made the First District almost too hot to hold Me Lindsey, and will be re-elected by at least 2,000 majority. The constitutional amendments will run even with Major Yeates and the State ticket.

The Courts.

Mayor's Court.—His Honor the Mayor had nothing, yesterday. The fighting case, reported in our last issue, was postponed until Saturday.

Before Justice Maginn.—State vs Jo. Blake for assault upon Cra. Blake; T. R. Purnell appeared for the prosecution and J. H. Fleming for the defence. The defendant was fined \$5 and cost, and appealed to the Superior Court.

State vs John Harris, colored, for obtaining money under false pretences from Maj. W. H. Bagley; by consent of the prosecutor, judgment suspended upon payment of cost.

There was another case, but the prosecutor did not come to time.

A. C. SANDERS & CO.

We notice that A. C. Sanders & Co., agents for the celebrated Star Phosphate, advertise in to-day's issue, a change of trade mark. This is done, we understand, to prevent impositions on the poor farmer, as other manufacturers have begun to use the good name of the Star, to sell their spurious articles. We commend Messrs. A. C. Sanders & Co. in this action, and think they deserve the patronage of all our farmers, since they are the first to detect the Yankee rascality in fertilizers.

DEMOCRATIC COUNTY CONVENTION.

Every Township Represented.—A Large and Enthusiastic Meeting.—A Strong Ticket Put Forth.

Jos. A. Haywood, Chairman of the County Executive Committee, called the Convention to order, at 12 M., and designated Mr. Richard H. Battle, Jr., of Raleigh, as temporary chairman, and appointed to escort him to the chair, Messrs. M. B. Royster and Geo. H. Williams.

Mr. Battle, upon taking the chair, said he had been very unexpectedly called upon to preside over this meeting. It was an honor. He had no speech to make, but would say that he came here for the purpose of preparing to bury the Republican party. He asked the delegates to set in motion the great rolling mill of November next. Everything portends victory, and this we have in our own hands.

It was moved by Mr. J. C. Clarke, of Cary, that the members of the Democratic press of the city, who were present, be requested to act as Secretaries, and the motion prevailed. Geo. H. Snow moved that any Republican reporter present be invited to take a seat upon the platform. The motion prevailed. Gen. John C. Gorman was present, and occupied a seat at the reporters' table.

The roll of townships was then called, and all were found to be represented by regularly appointed delegates.

The chair announced as next in order the method of voting by the different townships.

It was moved by Dr. Dowd that the voting be as it was in the last county convention, viz: each county township having one, and Raleigh Township three votes. The motion was carried, and the vote of the Convention was thus made in number.

J. H. Fleming offered a series of resolutions, which, upon motion of Dr. B. A. Williams, of Apex, were referred to a select committee of three. The resolutions are as follows:

WHEREAS, Great frauds have been perpetrated against the State by railroad companies, and railroads have been built in great part with State money; and whereas, some of said railroads have violated their contract with the State, both in failing to pay interest due the State and otherwise; therefore,

Resolved, That in all cases where the State has been damaged by roads violating their contracts with it, it shall be the duty of the authorities to seize upon the roads and the rolling stock of the same wherever the State has a right to do so by agreement, and indemnify the State for all losses and expenses in building said roads.

Resolved, That we favor the impeachment of all bribed and corrupt judges who are now on the bench in North Carolina.

Resolved, That we favor the removal of all officers who have procured indictments against hundreds of our best and most law-abiding citizens, without authority of law; who have extorted upon the people by collecting fees that were never due, and who have oppressed our people by false imprisonment, and otherwise putting them to great trouble and expense, contrary to law, in the avaricious schemes of said officers to make money.

Upon these, the chair appointed Dr. Williams, Peterson Dunn, and W. H. Pace, as the select committee authorized.

The chair announced that nominations were now in order, and it was decided that the nomination of Sheriff be first gone into.

The name of Sydney M. Dunn was put in nomination, and likewise that of B. Y. Rogers. The mention of both names was greeted with applause.

Mr. B. Y. Rogers took the floor and made a personal explanation.—He stated that the charge had been brought against him that he had gone on the bond of a Republican two years ago. He acknowledged that this was true, but said that he had both a legal and moral right to do this, and had no defence to make. He referred to other charges and said that all he wanted was a free and fair convention, and to this he would yield.

At this juncture the report of the committee on the resolutions of Mr. Fleming was brought in, and the report, unfavorable to the resolutions, was read and adopted.

The roll was then called on the vote for Sheriff, and each township voting in order, the result was that Dunn received 13 1/2 votes, and Rogers 5 1/2.

Mr. Rogers rose and moved that the nomination be made unanimous, which motion was carried with enthusiasm.

The County Treasurer's nomination was next gone into, and upon motion of Dr. C. D. Rice, the nomination of David Lewis was made unanimous.

For Register of Deeds the following gentlemen were put in nomination: B. Y. Rogers, J. R. Page, E. A. Carver and Jos. Goodwin. The names of Messrs. Page and Goodwin were withdrawn, at their request.

Mr. J. P. H. Russ spoke warmly in favor of Mr. Rogers, and after the balloting had proceeded through two townships, the name of Mr. Carver was withdrawn and Mr. Roger was,

upon motion, nominated by acclamation.

The nominee was lustily called for, and coming forward delivered a brief but very enthusiastic speech, pledging his most zealous work for the ticket, and giving expression to the brightest hope for the success of the National, State and county candidates.

The following were nominated for Coroner: J. M. Jones, W. L. Fort, J. J. Davis, Dr. L. B. Sorrell, B. Pool, and Wiley Clifton.

On the third ballot Mr. Jones was duly nominated, and upon motion of Mr. Lewis, the nomination was made unanimous.

The nomination of Surveyor was announced by the chair in order. The names of L. H. Penny, J. Q. Shaw and Fowler, were introduced. Mr. Shaw received a majority of the votes, and his nomination was declared unanimous. Previous to this, Mr. S. made a personal explanation, declaring himself a Democrat as he ever had been, notwithstanding the fact that he had been endorsed by the recent Republican Convention.

Col. Fuller put in nomination next, for County Commissioners, the old Board, viz: Messrs. S. J. Allen, Robt. Nowell, W. C. Turner, Wm. Jenke and A. G. Jones, and they were nominated by acclamation.

Mr. Jones came forward in response to deafening calls, and accepted the nomination, saying that he had recently joined the Democratic party and intended to stay with it to the last. He was loudly applauded during the course of his remarks.

For the Senate, Messrs. Geo. H. Snow, J. M. Fleming, T. C. Fuller, and Seaton Gales, were brought forward.

Mr. Weston Gales took the floor and withdrew his name on account of pressing private business.

Mr. Fleming withdrew.

W. P. Batchelor moved that Mr. Geo. H. Snow be declared the nominee of this Convention for the Senate by acclamation. Carried.

Mr. Snow took the floor. He felt grateful for the nomination, for it was a great honor. He had not sought the place, and his interest suggested to him not to accept it. He said that he had an old man for an opponent, he had been taught to venerate age, and not one word of disrespect should escape his lips, but while he should not do this he intended to plant the banner of Democracy in the sanctum sanctorum of Radicalism. He spoke of the public character of his opponent, and promised to tell the people more of this on the stump. After referring briefly to the management of county affairs in the past, by the Republican party, he retired from the stage.

For the House of Representatives, a large number of gentlemen were put in nomination. A great length of time ensued before all the townships took a vote, each delegation retiring for consultation. The votes were cast on written ballots, and all finally being in, the following gentlemen were found to be the nominees: M. W. Page, J. W. Jones, M. Whitley and H. C. Olive.

The nomination of the whole ticket was then made unanimous, amid the most profound enthusiasm.

Mr. Olive took the stand and accepted the nomination, saying that he would soon enter the campaign.

J. W. Jones came forward, thanked the convention, and accepted the nomination.

Mr. Whitley thanked the convention in a humorous speech, and accepted.

Mr. M. W. Page was next called out and likewise accepted.

Sheriff Dunn was next called. He came forward and returned his thanks briefly.

Mr. David Lewis was called on and accepted the nomination.

Mr. Rogers was then called and accepted the place which had been assigned him, urging his friends to now go to work.

On motion, the convention then adjourned.

The convention was the largest and most enthusiastic assemblage of its kind we ever saw. A glance over it was sufficient to tell that it was a gathering of the most respectable and most solid men of the county. The enthusiasm was so great that the body was at times entirely uncontrollable. The most pleasing feature of the occasion was the entire harmony which prevailed. Though the Republicans had predicted in advance and confidently expected a squabble, there was nothing which even tended in this direction. Not an angry word was spoken, and there was not a single incident calculated to mar the harmony. It was a glorious day for the constitutional, liberty-loving people, and this thing must mean something.

The course of no one is to be more commended than that of Mr. B. Y. Rogers. His utterances were those of a patriot, and the people of Wake will remember him on account of them.

NEWS FROM VANCE.

The Speaking in Macon—Judge Settle's Defense of the Jones County Matter, &c.

[From our own Correspondent.]

FRANKLIN, MACON COUNTY, September 7, 1876.

I think the internal revenues can beat the world lying. A certain revenue was telling to-day that in one township in Cherokee county there were fifty Democrats who would vote for Settle, and against the constitutional amendments. I made diligent enquiry in Murphy about the vote of Cherokee county, and from all the sources where I could gain any information, I learned that Cherokee would increase her vote by a goodly addition in November next. I understood this same revenue told Judge Settle he would carry Cherokee county by 200 majority. These are the kind of tales the Radicals are getting from the west, and they are no more to be relied on than Radical statements in general. I wonder if the people of the center and east know who represented the mountains in the Radical Convention that nominated the great war man, Judge Settle? I have been told on good authority that the only representatives from the mountains were revenue officers; not one of the file had a place there. Office-holders and negroes, from the center and east, and revenue men from the west! This is the "intelligence and wealth" that Judge Settle says placed him in nomination for the high office of Governor.

At Franklin, Gov. Vance was met three miles from town, by 75 of the best citizens of Macon county, who had come out to escort him in. The doors and yards in town were graced with ladies, who expressed their enthusiasm by the waving of handkerchiefs. The flag pole here is 90 feet high, and is of straight hickory, all of one tree. The flag was a very fine one, and displayed a good deal of genius and artistic taste. There were about 1,000 out to-day, and only about 40 or 50 white Radicals. The closest attention was paid to the discussion. The Governor dilated at some length on the Jones county white-slavery issue, showing how white men and women, had been sold out to negroes. The Judge's reply to this was an interesting exhortation, extolling in words of praise, the negroes of Jones county, for stepping out and assisting these cast off whites. He said they ought to be held up with reverence for their magnanimity in taking care of these poor of Jones county that no one else would harbor; that we ought to reverence these negroes of Jones county and give them great credit. This is the kind of hash the Judge fixes up. He certainly cannot intend it for the good Conservatives of the Old North State. The Governor has completely annihilated him on his fifty dollar bill parade, with his Kansas grasshopper. He has almost altogether dropped his constitutional amendment dodge, and spends more time on Tilden and Hendricks, charging that they are the greatest thieves in the United States. The Governor meets him well on this point, and wears him out, not only on this, but on every issue he brings up. C.

The Discussions at Webster and Haywood.

ASHEVILLE, N. C., Sept. 11, 1876.

The past week has been one of wearisome travel and hard labor. Every night except one we have traveled until ten or eleven o'clock and Saturday night arrived in Asheville at twelve, tired and worn out. Here we rested yesterday and half of to-day and then again push on. I did not have time to write from Webster and though a couple of days late, the news will be good from Jackson county. The Democrats there are wide awake, and feel the importance of a reform victory, and will put every effort forth to push up their majority to figures over their former ones. The crowd was at least three-fourths for Vance and their already love for the Governor was made ten-fold stronger by the discussion.

At Waynesville, Haywood county, Saturday, the contestants again met. Judge Settle in the lead. The Judge made a very poor impression by opening his speech even with more animosity than usual, dealing out his war talk. Those garbled Hester letters are a nightmare, and a daylight dream that will surely bring him to political grief and consign him well, I suppose to the Supreme Court bench where he ought (not) to be. Governor Vance made one of his most telling and effective speeches here. Every one was pleased with it. The crowd were very enthusiastic. Crab Tree Township turned out a Tilden and Vance Club one hundred strong. They were all mounted on fine horses and with their large Tilden and Vance banner made a fine appearance. They had come from fifteen miles. In summing up these fine speeches at Haywood, Murphy, Franklin, Webster and Waynesville, I cannot but think that Gov-

ernor Vance has made a lasting impression that will increase very materially the former Democratic majorities. At all these points the voting population has been well represented. The close attention they have given to the speeches shows how great an interest they have in this election. In Judge Settle the people are disappointed; they wanted to hear something about the general interest of the country; they wanted to hear of some plan whereby this great financial oppression can be removed; of some plan whereby the great wealth and resources of the mountains can be developed; of some plan whereby the masses can be educated; in what way the Republican party are to redeem their bad reputation, and institute a new form, and other general national points that would be a benefit and develop the interest of a great nation like ours. But not one crumb of comfort do they get, it is that same old song, war, deserters, conscripts, ku-klux, negroes, and Democratic stealing. This is what the Judge gives the people of the mountains to smoke over. There is one thing I would like some person good in figures to explain: Where do all these revenue grasshoppers come from? The mountains are full of them. It must be that it is their swarming time, for they are here, and the most industrious men you ever saw. They are collectors, gaugers, storehouse-keepers, informers, smelters, runners, drummers and whippers-in, and all busy sucking government pap, working day and night, for what? To see that the government is not defrauded? No; not for any such honest purpose, but drumming the mountains and valleys day and night in the interest of the Radical party. This is the only class of men running the Radical party west of the Blue Ridge.

Governor Vance has enlightened the people upon the great issues of the day, showing how reform is needed, how the school funds had been stolen, how little the bloody shirt had to do with the present, how the keeping up of this animosity between parties and races was a great wrong, promising as far as his influence would go to build the railroad through the mountains, and taking up these and other points in such a masterly manner that the people have something to think of and talk about as they meet, something they can reflect upon, and get some good out of.

I have heard "Hurrah for Vance" so much it fairly rings in my ears, but keep it going until the last minute. It will do to bet on. C.

Convicts Received.

Sheriff Galloway, of Brunswick, arrived in the city, yesterday, with Orange Gause and Henry Adams, both colored, both of whom were convicted of larceny at the recent term of Brunswick Court, and sentenced to the Penitentiary, the former for three and the latter for ten years.

Sheriff Jos. Cobb, of Edgecombe, arrived in the city, yesterday, with ten prisoners, the result of Edgecombe Court. All are colored, with the exception of the one last named, and all were convicted of larceny. Their names and terms are as follows: Ojia Barnes, 2 years; Eli Clarke, 3 years; Ellis Parr, 2 years; Emanuel Shaw, 2 years; Henry Peyton (who has been out of the Penitentiary only 10 months) 3 years; Andrew Moore, 2 years; Geo. Barnes, 2 years; Daniel Shepherd, white, 2 years.

The colored troops are fighting nobly.

The Accident on the R. & D. Railroad. The accident, Tuesday morning, near Brown's Summit, 8 miles from Greensboro, on the Richmond & Danville Railroad, seems, from later advices, to have been rather more serious than was at first thought. Telegraphic information just received from Capt. D. P. Ligon, Master of Trains, at Greensboro, is to the effect that twelve persons were hurt, but all very slightly so. Two young ladies from Alabama, sisters, were bruised, but nowise seriously injured. The car were not broken at all, and the damage, all told, was very trifling, though as said above, rather greater than at first reported. The Richmond Dispatch has a highly exaggerated statement of the accident.

Important to Farmers.

We again invite the attention of farmers to the fact that information has been received by the Board of Trade of this city, from the New York Cotton Exchange, of the adoption by that organization of a regulation that hereafter on every bale of cotton on which the side strips lap more than one inch, a deduction of two pounds will be made. Of course since this regulation is adopted in New York, buyers all over the country must adopt it, and the attention of ginners is directed to this matter.

LETTERS FROM THE PEOPLE.

CHATHAM.

Speeches of Judge Merrimon and Hon. J. J. Davis.

PITTSBORO, Sept. 8th, 1876.

Mr. Editor:—In these exciting times everything that happens of a political nature, and more especially those events which tend to excite the "tidal wave" of reform, which is sweeping over the whole union, are read with interest by those who are longing for a return to peace, prosperity and good government.

Thursday, Sept. 8th, according to the announcement was the day appointed for the flag raising of the combined "Tilden and Vance Clubs" of Chatham county, and the notice that such distinguished gentlemen as Joseph J. Davis, and our able Senator Judge Merrimon, were to address the assembly, was sufficient to draw a goodly assemblage, which would have been greatly augmented but for the rain in the early part of the day. About 11 o'clock, a large United States flag with Tilden and Hendricks and Vance and Jarvis portraits attached, was hoisted on a pole 100 feet high, in front of the court house, and as the court room was not large enough to contain the crowd, they repaired to the grove where Vance administered such a "dampening" to Tilden on the 25th inst. to listen to the speeches.

Mr. Davis led off in a very able speech showing up the short comings of the Radical party, the iniquitous system of internal revenue, and the frauds perpetrated upon the people by custom house sinecures for political purposes.

Judge Merrimon followed in a speech of over two hours length, to which the whole audience paid the most profound attention. It was a noble and eloquent address, and stands a living proof of the good fortune of North Carolina in having such a true and patriotic son in her congressional delegation, to defend her and the south from the vituperative slanders of Morton and his "daisy shirt" crew.

Chatham is good for Vance, and if we get a good "send off" in the County Convention on the 30th (as a distinguished gentleman has predicted) there is no telling how large a majority the democracy may roll up on the 7th of November. That vile little sheet styled the Constitution, (it must be conceded that it is as much right to that title as Hayes has to being called a Reform candidate) is most industriously and gratuitously distributed throughout our country; and I am told that at the Gulf large packages arrive daily for distribution; you will perceive, that your "cock-eyed" contemporary with the silken cord around his neck from the Backwater state, and the rest of the God forsaken crew are making a desperate effort to carry the county. It is a labor lost for such fellows to try to stir their lying tales upon the intelligent people of Chatham as they will find to their sorrow after the election. Please will send me a small delegation to the Centennial on Tuesday next.

Yours truly,

DOT.

Affairs in Montgomery.

MT. GILEAD, Sept. 4, '76

Mr. Editor:—I learn that the crop prospects in Montgomery are very fine.

There are two Tilden and Vance Clubs, both of which are of very recent organization, but are in good working order and are receiving many accessions at every meeting. There is unusual enthusiasm among the Democratic portion of Montgomery and a Democratic primary election is confidently looked for. The county candidates are not yet in nomination. The Senatorial Convention of Montgomery and Richmond came off on Saturday last. E. Hurley is the Democratic nominee. Henry Dockery is the Republican candidate.

NOTES FROM OUR CORRESPONDENCE.

MONTGOMERY.—"The prospect in this section is decidedly cheerful."

H.

J. L. B. Clayton. The length of your valued contribution of 1 c. I make it impossible for us to publish it.

COLORADO DEMOCRATS.—"Cripps" writes us from Beaufort that several of the most respectable colored men of that place will vote for Vance and Tilden.

VANCE AND THE FISHERMEN.—"We are anxious to see Vance. Every fisherman who comes to town wants to know when he is coming." From our Beaufort Correspondence.

N. B. G. S. of Mason, sends us a poem entitled "Rally Freeman, Rally." It is too long for use in our columns. The campaign matter makes the publication of poetry almost impossible.

NOMINATIONS IN MOORE.—The Democrats of Moore county met in convention at Carthage last Saturday. Capt. J. D. Melver was nominated for the House of Commons—his competitors being Capt. A. A. Melver, Neill Leach and Dr. John Shaw. The nomination was made unanimously. J. J. Wilcox was nominated for Sheriff, beating J. M. Monger by a few votes. Dr. W. P. Wilcox was nominated for Register of Deeds. G. A. McRae for Treasurer, and M. G. Clory for Coroner.

The North Carolina Agricultural Fair. (Norfolk Landmark.)

Notwithstanding the "hard times," our plucky friends in North Carolina have determined to hold their annual State Fair in October, and to hold it from the 17th to the 21st of that month. This, in our judgment, is a wise decision, and all the more so, because, as we learn by private advice, they will put forth an attractive premium list by the 1st proximo. North Carolina has resources within herself which are amply sufficient to guarantee success to this enterprise; but outside and beyond these she has lines of rail meeting in Raleigh, which, through their connections

her of the co-operation of the outside world. Norfolk, especially, must receive the announcement we have made with interest, and the same is true of Petersburg for both cities have strong and peculiar ties with our sister State. In Norfolk we have a large and energetic population whose hearts turn with pride and affection to the Pine Tree Commonwealth, in addition to which our native people have ties of blood and affection and business with the good folk across the "Dividing Line," and these latter alone will be able to make a very respectable contribution to the display at Raleigh. As we said in the beginning, our friends have acted wisely in deciding to hold their Fair, and we know enough of the pluck and energy of the people of North Carolina to predict for them a complete success.

The One Great Crime.

(Southern Home.)

Judge Settle's unparagonable, political sin, is approving as a Judge of the Supreme Court of Holden's suspension of the writ of *habeas corpus*, the bulwark of civil liberty. Holden was impeached for this infamous act and even Radical Senators voted to deprive him forever, from holding office in North Carolina. Holden is not a lawyer and probably did not know how gravely he was transgressing, when he suspended the great writ, which the bold tyrans of England had won from the Baron, King John. Holden consulted with the Supreme Court before he committed the wicked deed, and Judge Pearson and his Associates sustained him in proclaiming martial law and employing Kirk's cut-throats to harass and persecute the best people in North Carolina. Who might forgive Settle's scalawagery and his turning against his own race and section, but no lover of liberty can excuse him for consenting to the overthrow of the bulwark of freedom. Why should Holden be perpetually held up to execration and be forever barred from office and these Supreme Court Judges, the sworn guardians of the law, not be visited with the righteous indignation of the freemen of North Carolina.—*Southern Home.*

THE MISDICTION OF THE RILE.—The misdirection of the bile, a consequence which ensues when the liver is inactive and the bowels torpid, produces a number of bodily evils. The blood becomes contaminated with the bilious fluid, causing the skin and the whites of the eyes to assume a yellowish tinge, dyspepsia, and nausea supervene, the tongue becomes furred, and catarrh of the stomach is set on foot. The bile is secreted in the liver and between the shoulder blades, the urine is high colored and scalding, and in aggravated cases jaundice and inflammation of the liver ensue. All these consequences may be prevented or obviated by using Hostetter's Stomach Bitters, a vegetable alterative tonic which stimulates the inactive liver to exert its full secretory and directing its bile, naturally upon the bowels and removes every trace of indigestion.

that there is

Will Have to Decline to Run.

Col. A. W. Shaffer, who was nominated by the Republican County Convention, last week, for a place on the Board of County Commissioners, will have to decline to run on account of that amendment which has been made to the constitution, which prohibits a man holding a Federal office from holding, at the same time, one under a State government. Col. Shaffer is a Register in Bankruptcy, and also a United States Commissioner, and hence is disqualified from holding the position for which he has recently been nominated.

The same amendment renders a United States office-holder ineligible to a seat in either branch of a State Legislature, and W. A. Guthrie, of Cumberland, who is also a Register in Bankruptcy, is disqualified from holding a seat in the State Senate, to which he aspires, from the counties of Cumberland and Harriet. He very recently declared himself a candidate for the Senate from these counties, against Col. W. C. Troy, of Cumberland.

A Medley of Lies and Nonsense.

The most unconscionable bore of this centennial year, is having to do with the senseless jargon which comes from that war in Turkey. One telegram comes announcing an occurrence; another fellow denies it in another dispatch a little lower down; a third takes it up and wind up the affair by making it say just nothing at all. After wrestling with these dispatches with their exasperating names and utter disregard of either truth or sense, every night since this eastern war began, we have come to the conclusion that Turkey is full of liars and idiots than Hades is of fiddlers. To the end that these Turkish barbarities be no longer perpetrated on American soil, we call upon the associated press, in the name of everything that is humane, to give us a rest.

Supervisor of Convicts.

Gen. John C. Gorman has received official notification from M. Grausman, Esq., Clerk of the Board of Penitentiary Directors, that he has been appointed by the board as supervisor of the North Carolina convicts who are shortly to be put to work on the Georgia and North Carolina Railroad. Articles of agreement have been drawn up and signed, for the delivery of 50 convicts to this road, and a proper bond given for the safe keeping of the convicts. Col. Fain, the President of the road, is expected here daily, with a guard, to take the convicts to his road. Gen. Gorman has accepted the appointment tendered him.

Jonas Speaks.

Jonas Medlin, the Governor of Ramkhatte, addressed his fellow citizens, yesterday afternoon, from the Court House steps. The fellow citizens in question were a dozen or so children of the graded school, and the scene was similar to one described by Dickens, where a candidate addressing five small boys and four small girls, who composed his audience, said "men of Eatonsville!" Whereupon, the writer says, the five small boys and four small girls cheered vociferously. The Governor had for his theme the hanging of women by Vance, and was full of this barbarity and of corn liquor.

New Firm.

Messrs. Geo. T. and Frank Stronach and Geo. T. Cooke, have formed a copartnership under the firm name of Geo. T. Stronach & Co., for conducting a general commission, cotton and fertilizer business. They have ordered goods and will commence business in a very short time, at the late stand of Wainwright, Williams & Hood, on Martin street. All of these gentlemen are well and favorably known to the people, farmers and others, of this section, and a recommendation of them is more than necessary.

DIED.

JA. KROHN.—In this city on yesterday, Mr. Joseph Krohn in the 56th year of his age. The funeral will take place this evening at 10 o'clock, at Christ Church.

THE MISDIRECTION OF THE BILE.—The misdirection of the bile, a consequence which causes when the liver is inactive and the bowels torpid, produces a number of bodily evils. The blood becomes contaminated with the bilious fluid, causing the skin and the whites of the eyes to assume a yellowish tinge, dyspepsia and nausea supervene, the tongue becomes furled, the breath off, there are pains in the side and between the shoulder blades, the urine is high colored and resembling, in aggravated cases jaundice and inflammation of the liver ensue. All these consequences may be prevented or obviated by using Hostetter's Stomach Bitters, a pleasant and effective tonic which stimulates the inactive liver to exert its function in secreting and directing the bile, acts naturally upon the bowels and removes every trace of indigestion.

THE INDIAN WAR.

The Savages Anxious for Peace.—Massacre of Miners.

NEW YORK, Sept. 13.—Bismarck despatches of the 12th inst., says a Standing Rock letter, dated Sept. 12th, says: "An Indian arrived last night from the hostile camp with a message from seven of the hostile chiefs. He is known to have left this agency about three weeks ago for the hostile camps. While he does not claim to have been with Sitting Bull, he says he was with another larger camp where lodges and Indians cohered all the prairie life reports that these Indians are abundantly supplied with fresh meat, buffalo and antelope, being in great abundance. They are absolutely reported to have more arms and ammunition than they know what to do with. They daily watch men who are engaged in building new posts on Tongue River, and say at one time they could have destroyed another body of troops as they did Custer and his band, but they thought they were going home and for that reason did not care to disturb them. This is supposed to have been General Mills and his regiment, when they started back for the Yellowstone. They are anxious to treat for peace, and do not care to fight the soldiers, if they let alone, but if they are not, will fight for years, if necessary.

Intelligence from Fort Thompson, Dakota Territory, dated September 3d, says advice received from Fort Pierre, and subsequently confirmed, report that a party of five men were killed by Indians near Wak-pa-sica on their way to the Black Hills. The massacre took place near the head of Sica, and it is thought that some of the party must have got away and penetrated to the foot of the hills as far as Crook City, from which place a force of fifty miners came out to open the road to the Missouri. It is reported they were attacked and surrendered, and held corralled on the hill for a whole day, when a messenger escaped and went to the hills for re-inforcements. Twenty others at once came to their assistance.

THE EASTERN WAR.

The Bulgarian Outrages.—Blaque Bey's Report.

LONDON, Sept. 13.—A report of the arrest of Turkish officers implicated in the Bulgarian atrocities is confirmed. Fifteen of them have been placed under guard. A Constantinople dispatch to Reuters Telegram Company from Constantinople says these are the leaders indicated in the report of Blaque Bey, the Turkish official who has been investigating atrocities in Bulgaria. The Standard's despatch from Belgrade says the answer of Turkey concerning the conditions of peace has been received, but has not yet been officially communicated. Russia will not permit Serbia to accept Turkey's terms. The question now is, when will Russia throw off the mask and openly prosecute the war that she is actually waging, while pretending to be merely Serbia's friend.

The Times' special from Vienna says, some Russian volunteers are returning from Serbia, but the agitation in Russia continues, causing uneasiness.

The Times' despatch from St. Petersburg says, telegraphic reports from Philippopolis state that Tussen Bey, one of the leaders in the Bulgarian outrages, whose arrest has been ordered, has collected a number of Bashi Bazouks and defies the Turkish government to arrest him.

VIENNA, Sept. 13.—A special despatch from Constantinople says Blaque Bey's report admits that the atrocities were indisputably horrible. It is believed the report will be suppressed.

New York Democratic State Convention.

SARATOGA, N. Y., Sept. 13.—The Democratic State Convention met in the Opera House at 12 M. The hall was filled at 12:30. Judge Gray, the President of the last Convention, called the Convention to order.

NIGHT DISPATCHES.

WASHINGTON.

Appointment Revoked.—Instructions as to the Hawaiian Treaty.—The Safe Burglary Trial.

WASHINGTON, Sept. 13.—The appointment of Fry as Marshall of Kentucky, has been reconsidered and the commission given to Col. Thos. E. Burns, of Maricao county. The Secretary of the Treasury has issued the necessary instructions to collectors of customs under the reciprocity treaty with Hawaii. The safe burglary trial commenced Tuesday.

Massachusetts Congressional Nominations.

BOSTON, Sept. 13.—At Lowell today General B. F. Butler was nominated on the first ballot, as follows: whole number of votes 106, necessary to a choice 51; Butler received 51.

THE NEW YORK DEMOCRATS.

THEY NOMINATE LUCIUS ROBINSON FOR GOVERNOR.

Seymour Substituted for Kelly as Elector at Large.

SARATOGA, Sept. 13.—The Convention of the Democratic party, after the roll call, proceeded to take an informal ballot. Lucius Robinson had 189 votes, Potter 107, Homer A. Nelson 21, August Schoemaker, Jr., 33, James Tarback 8, Ezekiah Sturgis 4, Scott Lord 4. Lucius Robinson was then nominated by acclamation. Mr. Kelly then renewed his motion tendering his resignation as an elector at large, and moved that the name of Horatio Seymour be substituted for it. Mr. Kelly's motion was then adopted, and the name of Seymour was substituted for that of Kelly as elector at large. A committee was appointed to notify Mr. Robinson of his nomination, and the convention adjourned sine die.

VIRGINIA.

Instructions to the Receivers of the A. M. & O. Railroad as to the Redemption of Securities.

RICHMOND, September 13.—In the United States Circuit Court to-day, an order was entered instructing the Receivers of the Atlantic, Mississippi & Ohio Railroad to exercise their best judgment in relation to redeeming certain securities of the company hypothecated as collaterals for loans advanced to the company prior to the appointment of receivers, whenever they shall consider it to be for the interest of their trust, and not to redeem in any case when they shall consider it not to be for the interest of their trust so to do; provided, however, that in the exercise of the authority conferred upon them, the receivers shall not increase the debt or debts in question, or change the character thereof. The receivers were also authorized in their discretion, in lieu of actually redeeming and taking up the bonds so pledged, to arrange from time to time for the extension or continuance of the loans for which the same stand pledged, either with the parties to whom the bonds are now pledged or with any other party or parties.

FOREIGN.

Servian Victory—Decided Steps Toward Peace.—Then this Contradicted.—Defeat of the Servians.

LONDON, Sept. 13.—A Servian bulletin announces that fighting occurred yesterday between Alakinzat and Deligrad, on the left bank of the Morava which terminated in favor of the Servians. There are no details. General Reneo Olympics is superseded in command of the Servian army of the Drina by Col. McCooie. Twelve hundred Italian volunteers are expected to arrive at Belgrade shortly.

LONDON, Sept. 13.—The Post says it has reason to believe that an extraordinary cabinet council which was held yesterday at Constantinople will prove of great importance toward a speedy and pacific solution of the conflicts in the Ottoman Dominion. Concerning the council, a despatch to the Reuters Telegram Company merely says: "Conditions of peace were discussed." A special to the Times from Vienna, however, says the council was held for the purpose of reconsidering the resolution previously taken by the Cabinet, and which should have been presented to the powers on Monday. The correspondent says this reconsideration at the last hour is undoubtedly due to the step taken by the powers at the initiative of England.

The Times' Belgrade correspondent says there is great depression there already, and reports are current of a fresh disaster to the Servian army.

The Times' Vienna correspondent telegraphs that he has information from Metrovitz confirming the reported defeat of the Servians on the 8th and 9th. The Servians were driven back to Chibatz, but as the Turks did not follow up their advantage, the Servians re-occupied their line on the Drina on the 10th.

THE CONCLAVE OF PLUNDERERS.

The South Carolina Radicals—They Nominate To-day.

COLUMBIA, Sept. 13.—The Republican nominating convention was in session all to-day. The nomination will be made to-morrow. Robert Smalls, the negro Congressman, was made permanent president. Senator Patterson spoke, endorsing Chamberlain for Governor. He denounced the Democrats, and threatened them with the power of the United States Government.

Thomas C. Dunn, the present Comptroller-General, is a prominent candidate for the nomination against Chamberlain.
